

DEROYAL TEXTILES, INC.

COC / APPENDIX

HERMITEX®300 AEROSPACE WIPES are manufactured to meet the following specifications:

- **AMS 3819D Class I Grade A Form 1 (excluding 5.1.3 and 5.1.4)**, HERMITEX®300 Aerospace Wipes.
- **BMS-15-5H Class A** and all grades of Boeing QPL for Cheesecloth No. 9017.
- **AMS 3803 A Type I Grade A** for HERMITEX®300 Aerospace Wipes
- **CCC-C-440E for specific Type III 2/ Class 1 OR 2**
- **California Proposition 65** for Bleached Cheesecloth, HERMITEX®300 AEROSPACE WIPES
- **REACH SVHC and RoHS Directive with latest list**

JIFFY ROLL AEROSPACE WIPES are manufactured to meet the following specifications:

- **AMS 3819D Class I Grade A Form 1 (excluding 5.1.3 and 5.1.4) (2012 Constructions Only)**
- **BMS-15-5H Class A** and all grades of Boeing QPL for Cheesecloth No. 9017. **(2012 Constructions Only)**
- **USP Grade Gauze** (United States Pharmacopoeia) 26 (2003) for Types III& VII (Thread Count)
- **DeRoyal Textiles Mill Standards** for Types III & VII (Weight)
- **California Proposition 65** for Bleached Cheesecloth
- **REACH SVHC and RoHS Directive with latest list**

DERTEX™ NON-WOVEN & CLEANROOM WIPING PRODUCT is manufactured to meet all of the following specifications:

- IEST - RP-CC-004.2, and IEST - RP-CC-004.3
- ASTM TEST METHODS –D6551-01, D3776-96, D6550-01, D5034-95
- AA59323
- **California Proposition 65**
- **REACH SVHC and RoHS Directive with latest list effective**

Bleached Cheesecloth is manufactured to meet the following specifications:

- **USP Grade Gauze** (United States Pharmacopoeia) 26 (2003) for Types I through VIII (Pick Count)
- **DeRoyal Textiles Mill Standards Grade Gauze** for Types I through VIII (weight)
- **California Proposition 65** for Bleached Cheesecloth
- **REACH SVHC and RoHS Directive with latest list**

GREY/UNBLEACHED Cheesecloth is manufactured to meet the following specific specifications:

- **USP Grade Gauze** (United States Pharmacopoeia) 26 (2003) for Types I through VIII (thread count)
- **DeRoyal Textiles Mill Standards Grade Gauze** for Types I through VIII (weight)
- **California Proposition 65** for Unbleached Cheesecloth
- **REACH SVHC and RoHS Directive with latest list**

Poly-Cotton Cheesecloth is manufactured to meet the following specifications:

- **DeRoyal Textiles Mill Standards Weight and Construction** for Poly/Cotton Fabric
- **California Proposition 65**
- **REACH SVHC and RoHS Directive with latest list**

TACK CLOTH is manufactured to meet the following specifications:

- **DeRoyal Textiles Mill Standard**
- **California Proposition 65:** None of the chemicals listed in the chemical list of California Proposition 65 are used in these products.

Cotton Tip Applicators are manufactured to meet the following specifications:

- **California Proposition 65**
- **REACH SVHC and RoHS Directive with latest list**

Wooden Stir Sticks are manufactured to meet the following specifications

- **California Proposition 65**
- **REACH SVHC and RoHS Directive with latest list**

Rags

- Carton Gross weight is 25 pounds composed of different textured knits made of all white, smooth, Jersey t-shirt rags of high cotton content. **(PKNIT-25 Only)**
- Carton Gross weight is 25 pounds composed of different textured knits made of new mill end Jersey t-shirt rags of high cotton content. **(SKNIT-25 Only)**
